RAIL COACH FACTORY, KAPURTHALA

MD35131 **DATED: 25/02/2026**

Sub: Issue of **amendment-1** of **"Schedule for Technical Requirements for Single Component \Water based Fire Barrier intumescent Paint for IR Coaches Suitable for Internal and External Application"** to MDTS 22282 Rev-01 for information and necessary action at your end.

Following modifications are made to the clause 1.3 (vi) and clause 7.1.2 in MDTS 22282 Rev-01.

S.No.	Clause	Existing	**Modified**
1.	1.3 (vi)	Test certificates from the reputed labs like LAPI, Crepim, Exova Warringtonfire or any other lab of International reputation.	Test certificates from the reputed labs like LAPI, Crepim, Exova Warringtonfire or any other NABL accredited lab.
2.	7.1.2	Test certificates from the reputed labs like LAPI, Crepim, Exova Warringtonfire or any other lab of international reputation for fire properties, sound insulation, anti-chip, integrity, adhesion strength, density/specific gravity and corrosion prevention properties, indicating compliance to all the test parameters.	Test certificates from the reputed labs like LAPI, Crepim, Exova Warringtonfire or any other NABL accredited lab for fire properties, sound insulation, anti-chip, integrity, adhesion strength, density/specific gravity and corrosion prevention properties, indicating compliance to all the test parameters.

- If test for clause 3.3 Chip Resistance, clause 3.10 Penetration test (Viscosity Indicator) and clause 3.12 Start of Intumescences not found under NABL scope, may be conducted from any ISO/IEC-17025 certified Lab or any government lab.
- If test for clause 5.0 Sound Insulation not found under NABL scope, may be conducted from ARAI lab or any ISO/IEC-17025 certified Lab or any government lab.
